

What can I make off holding a Race Night ?

IMPORTANT : The information below is for guidance. It is in no way a guarantee or implication of what you will raise. Premier Race Nights in no way guarantee the amounts of funds that will be raised.

The example below is based on 8 Races, 60 people attending on the night, everyone joins in the games and places 1 bet per race (a lot place more than one bet) and donated prizes given out where possible instead of cash. All guidance as to fundraising methods is explained in detail in the Race Night Pack which is posted to you once the booking is made and deposit received.

The information contained is based on ourselves being booked for the night. Many race night operators do not include such a comprehensive package

Game 1	£60
Game 2	£60
